

# Mothership Dayboat

You'll find the Mothership Dayboat one of the most gracious boats on the water. Her elegant lines and silent green motor ensure enjoyment of nature and good conversation. The occasional popping of champagne corks is all the noise you'll make.

**Length 20' Beam 8' 2"**

## Power

- Solar panels - 1kW
- 1 x 4 kW electric motor
- 4 x 260Ah silicone deep cycle battery

## Interior

- Rich timber and fabric interior to owner's choice
- Flexible layout
- Steering console

## Features

- Hydraulic solid awning with recessed solar panels
- Easy access side door

## Interior

Simple and functional yet adorably elegant and comfortable. Her wide beam allows for a multitude of different furniture positions whilst offering a stable platform for messing about in style on the river. At the end of the day, walk off, flick a switch and the awning lowers to secure the interior. Whilst you're away, the solar cells continue working to make sure batteries are fully charged for your next trip.
